Foreword

In 2014, the Asian Research Library of the University of Tokyo received from the Asia-Pacific Cultural Centre for UNESCO (ACCU) a donation of a collection of materials on literacy education in the Asia-Pacific region of 3,487 items. This extraordinarily unique collection built up through carrying out long-standing cooperation projects in the Asia-Pacific region by the Centre will greatly enrich the library's holdings. To make these materials available for wide academic and social use, the Asian Research Library decided to publish their catalog. I would like to express my sincere gratitude to everyone both inside and outside the University involved in this project starting from acceptance of the donation of this collection, through systematization of materials and editing work to publication of this volume for their assistance and cooperation. Finally, I would like to extend my deepest gratitude and appreciation to the Asia-Pacific Cultural Centre for UNESCO (ACCU) for its kind donation.

解 説

東京大学アジア研究図書館は、2014年に公益財団法人ユネスコ・アジア文化センター（ACCU: Asia-Pacific Cultural Centre for UNESCO）からアジア太平洋地域における識字教育資料を受贈した。本書は、全3巻からなるその目録の第2巻である。

本コレクションは、文字を読み書きできない成人のための学校外（ノンフォーマル）教育の教材であることを特徴とする。こうした教材は、学校教育の教材と比べてまとまって保存されにくいいため、大変貴重なコレクションといえる。

ACCUは、1971年にアジア太平洋地域における文化の相互交流を促進する中核的センターとして、日本政府と出版界を中心とした民間の協力によって設立され、識字教育事業をはじめとする様々な協力活動を展開してきた¹。1980年代から新識字者²に対する識字教育の普及に取り組み、1990年代中頃には各国で女性のための識字教育センター事業を開始し、識字支援に携わる各国機関の能力強化にも貢献してきた。

本コレクションは、その活動のなかでアジア太平洋地域の25カ国で収集された3,487点³の資料群である。各国政府やNGOが刊行した教材や、学習者のニーズに合わせてACCUが各国の専門家と共同開発した教材のほか、事業全体に関する参考資料から成る。教材の内容は、日常生活の改善や収入向上に直接役立つ、乳幼児の健康や栄養、農業や水産業の知識、社会問題に関する啓発である環境汚染、森林保全、女性のための母子保健、女性の識字教育の必要性など多岐にわたる。形態面では、図書（冊子体）のみならず、ポスターや紙芝居など簡便で親しみやすい教材も含む。また、英語版モデルから各国語版が制作された共同開発教材の場合には、各地域の文化的相違を反映させる工夫がなされている。このように本コレクション

2 「新識字者」とは、「日常生活に必要な簡単な読み書き計算のできない「非識字者」に対し、小学校中途退学などによりわずかな文字の読み書き能力しか無く、文字に接する機会がないと再び非識字者に戻ってしまうおそれのある人々」を指している。『ユネスコ・アジア文化センター30年史』pp.58-59.

3 目録第1巻の解説においては、全資料の整理が完了していなかったため、資料総数を約3,600点としていたが（p. xii）、同一資料の重複や個人情報保護の観点から公開に適さない資料等を除いた結果、コレクションの正確な点数が確定した。なお、本コレクションには、25カ国に関係しない参考資料とACCUが作成したマスター教材が21点含まれており、それらは目録第3巻に収録されている。

は、教育、歴史、言語、地域文化、ジェンダー、保健衛生など、多様な研究分野に資する一次資料である。

これらの資料は ACCU の併設ライブラリーに所蔵されていたが、ライブラリーの規模縮小という事情により、アジア研究図書館に寄贈の申し出をいただいた。それを受け、2014 年 6 月に、アジア研究図書館の設立準備にあっていたアジア研究図書館部会が受贈を決定した。

受贈資料のうちの 2,255 点分については、英語による管理リストも併せて受領した。2014～2015 年度に、管理リストへの現地語書誌情報等の加筆およびリストが存在しない資料のうち 395 点のリスト化を、アジア研究図書館の構築支援を担っていたアジア研究図書館上廣倫理財団寄付研究部門 (U-PARL) がおこなった。その後、アジア研究図書館の開館準備中は作業が保留されていたが、2020 年 10 月にアジア研究図書館が開館し、2021 年 4 月にアジア研究図書館研究開発部門 (RASARL) が設置された後、RASARL が、残る約 950 点のリスト化と全点の公開に向けての整理作業および目録作成を開始した。

本書は、本コレクションのうち、2022 年度に整理が終了した、オーストラリア (1 点)、フィジー (4 点)、インドネシア (340 点)、カンボジア (159 点)、ラオス (119 点)、ミャンマー (199 点)、マレーシア (81 点)、フィリピン (154 点)、パラオ (1 点)、パプア・ニューギニア (98 点)、ソロモン諸島 (1 点)、タイ (229 点)、ベトナム (201 点) の 13 カ国分の資料計 1,587 点の目録である。

本巻における各国のアジア諸言語資料の整理担当者は以下の通りである (国名は掲載順、敬称略)。

インドネシア：LEE Kah Hui (東京大学大学院人文社会系研究科博士課程)

カンボジア：吉田篤史 (京都大学大学院アジア・アフリカ地域研究研究科 5 年一貫制博士課程)

Introduction

In 2014, the Asian Research Library of the University of Tokyo received from the Asia-Pacific Cultural Centre for UNESCO (ACCU) a donation of a collection of materials on literacy education in the Asia-Pacific region. This publication is the second of a three-volume catalog of these materials.

The essential distinctive feature of the collection is that it consists of teaching materials intended for out-of-school (non-formal) education of illiterate adults. This is a highly valuable collection because, as compared to those intended for school education, such materials are seldom preserved en masse.

ACCU was founded in 1971 through cooperation between the Japanese government and the private sector, mainly publishing companies, with the purpose to establish a core hub for promoting mutual cultural exchanges in the Asia-Pacific region.¹ From the 1980s, the Centre has been involved in spreading literacy education for neoliterates² and in the mid-1990s launched the Programme for developing Literacy Resource Centres for Girls and Women, contributing to capacity reinforcement of local state institutions engaged in literacy support activities.

This collection presents a large corpus of materials of about 3,487 items collected by the Centre in the course of its activities in 25 countries throughout the Asia-Pacific region.³ In addition to teaching materials published by the governments or NGOs and those jointly developed by ACCU and specialists in each country to meet the needs of the local learners, it also comprises reference materials on the Centre's projects and activities as a whole. The content of the materials covers a wide variety of topics, from health and nourishment of infants and practical knowledge on agriculture and fishery directly helping to improve everyday life and raise income to those that raise awareness and education about social problems such as environmental pollution, forest preservation, maternal and child health, and importance of literacy education of women. As for the media types, in addition to books and booklets, the collection also includes posters, picture story shows and other easy-to-read learn-

2 The term “neoliterates” refers to persons who, due to quitting or dropping out from elementary school half-way, acquired only limited literacy skills and may lose such skills and return to an illiterate state if they are deprived of the opportunity to have access to written materials, as opposed to the “illiterates” who do not possess basic reading, writing, and counting skills required in everyday life. 『ユネスコ・アジア文化センター 30 年史』 pp.58-59.

3 In the introduction to the first volume of the catalog (p. xii), the total number of items in the collection was listed as “approximately 3,600,” since the systematizations of all items had not been completed. Subsequent work has eliminated duplicates of the same materials and materials unsuitable for free browsing in the library from the viewpoint of personal information protection considerations, through which we could determine the exact number. The collection also includes 21 items of master materials prepared by ACCU and reference materials not related to the 25 countries, all of which are catalogued in the third volume of the catalog.

er-friendly materials. Moreover, in the case of jointly developed materials for which local language versions were created based on the English language models, particular attention was paid to reflecting local cultural differences. Thus, the collection provides valuable primary sources for studies in a variety of research areas, such as education, history, linguistics, local culture, gender, hygiene and public health.

The materials had been kept in a library attached to ACCU, but due to the library's scale reduction, they were offered for donation to the Asian Research Library. Responding to this offer, in June 2014, the sub-working group for the Asian Research Library that was engaged in preparing its establishment decided to accept the donation.

For 2,255 items among the donated materials, an inventory list in English was also provided. During the 2014 and 2015 school years, the Uehiro Project for the Asian Research Library (U-PARL) staff who were in charge of supporting the formation and development of the Asian Research Library supplemented the existing inventory list with bibliographic data in local languages and also added records for 395 items that had not been included in the list. Afterwards, although this work was temporarily halted, in preparation for the opening of the Asian Research Library, after the library finally opened in October 2020 and the Research Advancement Section for the Asian Research Library (RASARL) was established in April 2021, RASARL started systematization and cataloging work aimed at including the remaining 950 items or so in the list and making all items available for users.

This volume presents a catalog of 1,587 materials from thirteen countries, namely Australia (1 item), Fiji (4 items), Indonesia (340 items), Cambodia (159 items), Laos (119 items), Myanmar (199 items), Malaysia (81 items), Philippines (154 items), Palau (1 item), Papua New Guinea (98 items), Solomon Islands (1 item), Thailand (229 items) and Vietnam (201 items) for which systematization was finished within the 2022 school year.

The persons in charge of systematization of materials in Asian languages presented in this volume are indicated below (in the listed order, honorifics omitted).

Indonesia: LEE Kah Hui (Doctoral Course, Graduate School of Humanities and Sociology, the University of Tokyo)

Cambodia: YOSHIDA Atsushi (Five-year Integrated Doctoral Program, Graduate School of Asian and African Area Studies, Kyoto University)

Laos: Omura Yusuke (Doctoral Course, Graduate School of Arts and Sciences, the University of Tokyo)

Myanmar: CING NGAIH Lian (Project Specialist, RASARL/Doctoral Program, Graduate School of Global Studies, Tokyo University of Foreign Studies)

Vietnam: MATSUBARA Emi (Master's Course, Graduate School of Humanities and Sociology, the University of Tokyo) and SHIBUYA Yuki (Project Research Fellow, U-PARL)

The following individuals were responsible for organizing the materials in English from each country and providing overall editorial assistance.

CHEN Yongqin (Master's Course, Graduate School of Economics, the University of Tokyo)

KONG Shi (Doctoral Course, Graduate School of Humanities and Sociology, the University of Tokyo)

HAYASHI Yuta (Doctoral Course, Graduate School of Humanities and Sociology, the University of Tokyo)

The work was partially carried out by graduate students employing their specialized knowledge through the on-campus job system.

The overall systematization management and editing of this volume was carried out by KAWAHARA Yayoi.

Many individuals generously provided their assistance and cooperation in the process of systematization work from accepting the donation of the collection to the publication of this volume. KITAMURA Yuto (Graduate School of Education, the University of Tokyo) provided assistance in accepting the donation. Systematization carried out at U-PARL during the 2014 and 2015 school years was due to the efforts of NAGASAWA Itsuki (Center for Language Education and Research, Sophia University/former U-PARL staff). TOKUHARA Yasuhiro (Project Assistant Professor, U-PARL) rendered a lot of valuable advice and suggestions regarding the overall work process. NAGAYA Naonori (Graduate School of Humanities and Sociology, the University of Tokyo) provided advice in identifying the language of the material from Malaysia. The staff of the Administrative Office of the University of Tokyo Library System assisted with the acceptance and systemization of the materials. We would like to once again extend our sincere gratitude to everyone who has participated in or contributed to the project.

Together with expressing our respect and appreciation for the ACCU's long-standing activities and efforts in collecting the materials in Asia-Pacific countries, we would like to again express our deepest gratitude to ACCU for donating these valuable materials. On the occasion of publishing the catalog, we sincerely hope that this collection will be actively and fruitfully utilized by many users.
