

# TRANSACTIONS

OF THE

## SEISMOLOGICAL SOCIETY OF JAPAN.

### GENERAL INDEX, VOLS. I-16.

The letters S.J. refer to the Seismological Journal of Japan, a publication which may be regarded as a continuation of the Transactions.

	Vol.	No.
Animals, the Effects of Earthquakes on.....Milne.	xii	
Astatic Suspension, On certain methods of.....Ewing.	vi	
Atami, The Hot Springs of.....Kuwahara.	iii	
Atami, Notes on the Earthquake at, Sept. 29, 1882...Dan.	v	
Automatic Current Recorder.....Shida.	ix	I
Bandaisan, Cone-shaped holes at.....Odlum.	xiii	I
Bandaisan, Eruption of.....Sekiya and Kikuchi.	xiii	2
Bandaisan, Notes on.....Knott and Smith.	xiii	2
Catalogue of Earthquakes 1881-85.....	x	
Catalogues of 482 Earthquakes in 1885.....Sekiya.	x	
Catalogue of Earthquakes. Tokio, July, 1885-Feb., 1885.	viii	
Chinese Earthquakes.....Omori, S.J.	i	
Columns, Overturning and Fracturing of.....Milne, S.J.	i	
Construction in Earthquake Countries 246 p.		
Milne and others.	xiv	
Construction in Earthquake Countries (a Supplement)...	xv	
Earth Currents.....Shida.	ix	I
Earth's Internal Heat, Utilization of the		
Discussion opened by Milne.	iv	
Earth Physics, experiments in, and Mitigation of Earthquake effects.....Milne, S.J.	i	
Earth Pulsations.....Milne.	iv	
Earth Pulsations, relation to Natural Phenomena		
Milne, S.J.	i	
Earthquake in Japan, The, of February 22, 1880...Milne.	i	
Earthquake of July, 25, 1880, Observation of the Nature (Modalitai) of the, by means of Dr. G. Wagener's Seismometer.....Knipping.	iii	
Earthquake of March 8, 1881, The.....Ewing.	iii	
Earthquake of March 8, 1881, The, Notes on the Horizontal and Vertical Motion of the.....Milne.	iii	
Earthquake, The Peruvian, of May 9, 1877.....Milne.	ii	
Earthquake, The Severe of, Japan, of the 15 January, 1887.....Sekiya.	xi	
Earthquake, The great of Oct. 28th, 1891.....Milne, S.J.	i	
Earthquakes, Catalogue 1887-1890.....	xv	
Earthquakes, Cause of.....Mennier.	xiii	I
Earthquake Countries, On Construction in.....Milne.	xi	
Earthquake Diagrams.....Milne.	xv	
Earthquake Effects, Emotional and Moral.....Milne.	xi	

II.

Earthquake Effects on Structures, with an Appendix	} xvi	I
Pownall.		
Earthquake Frequency .....	Knott.	ix
Earthquake Frequency .....	Knott.	xv
Earthquake Measurements, On the Steady Points for	} iii	
Gray.		
Earthquake Measurements in a Pit and on the Surface	} xvi	
of the Ground .....		
Earthquake Motion, Distribution of, in a small area.	Milne.	xiii
Earthquake at Atami Sept. 29, 1882, Notes on .....	Dan.	v
Earthquake of March 11, 1882, Note on .....	Ewing.	iv
Earthquake, Note on, an Indian.....	Doyle.	iv
Earthquake, Note on the development and the interpe-	} vi	
tation of the record which a Bracket Machine gives of		
an .....	Alexander.	
Earthquake, Note on a Casting supposed to have been	} vi	
disturbed by an .....		
Earthquake measurements of recent years with special	} xi	
reference to vertical motion.....		
Earthquakes and earthquake sounds as illustrating the	} xii	
general theory of vibrations .....		
Earthquakes, Peculiar Phenomena in the propagation of	} xiii	I
Hoefel.		
Earthquake phenomena demanding solution .....	Milne.	xii
Earthquake, On the Observation of an, at three or more	} iii	
stations to determine speed and direction of transit		
Ewing.		
Earthquake Observations, of 1885.....	Sekiya.	x
Earthquakes in 1885-1887.....		
Earthquake Observations in 1886 .....	Milne.	xiii
Earthquake Observations in 1887 .....	Milne.	xv
Earthquake Observations in 1888 .....	Milne.	xvi
Earthquake Observations in 1889 .....	Milne.	xvi
Earthquake Observations in 1890 .....	Milne, S. J.	i
Earthquake Origins .....	Forster.	xv
Earthquakes in China .....	MacGowan.	x
Earthquake of Ischia, The .....	Du Bois.	vii
Earthquake of Ischia, Further Notes.....	Du Bois.	viii
Earthquake in the Island of Luzon in 1880, Abstract of	} v	
a Memoir on the .....		
Earthquakes in Yokohama.....	Pereira.	xv
Earthquakes of Japan, Notes on the Great .....	Milne.	iii
Earthquakes felt in Japan, July, 1883 to May, 1884 .....		vii
Earthquakes felt in Tokio, Jan., 1882 to March, 1883 ...		vi
Earthquakes of Neuva Vizcaya (Philippine Islands) in	} iv	
1881. Abellay Casariego. Trans.....		
Earthquakes observed during two years in North Japan,	} vii	2
On 387 .....		
Earthquakes, On the Records of three recent.....	Ewing.	iii
Earthquakes, Suggestions for the Systematic Observa-	} iv	
tions of .....		

III.

Earthquakes, Times of occurrence of .....	Mason.	xv
Earthquakes of Yedo Plain, Notes on the recent, and their effects on certain buildings .....	Milne.	ii
Earth Tremors.....	Milne.	vii I
Earth Tremors in Central Japan.....	Milne.	xi
Earth Tremors in Central Japan.....	Milne.	xiii I
Earth Vibrations, a Note on .....	Palmer.	iii
Electric and Magnetic phenomena and Earthquakes .....	Milne.	xv
Fujiyama, Notes on .....	Wada.	iv
Geology, Notes, to accompany some Theorems in the Dynamics of.....	Kingsmill.	x
Gravity at Tokio, On a determination of the acceleration due to the .....	Mendenhall.	i
Horizontal Pendulums, Movements of .....	Milne, S.J.	i
Hot Springs of Atami .....	Kuwabara.	iii
Ischia, The Earthquakes of .....	Du Bois.	vii
Ischia, The Earthquakes of, Further Notes.....	Du Bois.	viii
Kumamoto Earthquake .....	Otsuka.	xv
Lisbon, Great Earthquake of .....	E. J. Pereira.	xii
L'Oscillographs double.....	Bertin.	xv
Magnetic Survey of Japan (Notes of a lecture) ...	Knott.	xii
Magnetic Declination in Japan, Notes on Secular Changes of .....	Naumann.	v
Mantel-Piece Seismometer .....	Milne.	xvi
Meteorology of Japan, Notes on the .....	Knipping.	viii
Monografía Geologica del Volcan de Albay o. El Mayon .....	Abella y Casariego.	v
Motion relative of two points of ground.....	Milne.	xii
Motion of Earthquakes as recorded in buildings...Milne.		xii
Model showing the motion of an Earth-particle during an earthquake .....	Sekiya.	xi
Pendulum so as to make it astatic, On a Method of compensating a .....	Gray.	iii
Pendulum with a single bob, On a .....	Ewing.	vi
Pendulum Seismometer, Note on Prof. Ewing's Duplex .....	Sekiya.	viii
Pendulum Seismographs, Modern forms of .....	Milne.	xii
Pendulum Experiments on the Summit of Fujiyama for the purpose of ascertaining the force of gravity at that point.....	Mendenhall.	ii
Peruvian Earthquake, of May 9, 1877, The .....	Milne.	ii
Photography, application, of to Seismology...Burton, S.J.		i
Rocking of a Column, Note on the.....	Perry.	iii
Safety lamps for Earthquake Countries .....	Sekiya.	xii
Seiches of Lakes .....	Forel.	xv
Seiches on Hakone Lake.....	Burton.	xvi
Seismic Activity in Japan, The distribution of.....	Milne.	iv
Seismic Experiments .....	Milne.	viii
Seismic Science in Japan .....	Milne.	i
Seismic Survey made in Tokyo 1884-5, On a .....	Milne.	x

IV.

Seismology, Experiments in Observational .....	Milne.	iii
Seismological Notes .....	Ewing.	} v
I. A Duplex Seismometer .....		
II. The Suspension of a Horizontal Pendulum .....		
III. A Speed Governor for Seismograph Clocks .....		} vii 2
Seismological Publications, Catalogue of the Society's Publications, together with other recent Publications chiefly referring to Seismic and Volcanic Phenomena in Japan .....	Milne.	
Seismograph, The Cecchi .....	Du Bois.	viii
Seismograph, A New Form of Pendulum .....	Ewing.	i
Seismograph, Note on the Ball and Cup .....	Alexander.	vi
Seismograph for registering Vertical Motion, On a .....	Gray.	iii
Seismograph, On a Seismometer and a Torsion Pendulum .....	Gray.	} i
Seismograph, Suggestions for a new type of .....	West.	
Seismograph for Vertical Motion, A .....	Ewing.	iii
Seismometer, On a .....	Wagner.	i
Seismometer and a Torsion Pendulum Seismograph, On a .....	Gray.	} i
Seismometer, Note on Prof. Ewing's Duplex Pendulum, with records obtained by it .....	Sekiya.	
Seismometry applied to Trains .....	Milne.	xv
Seismograph, The Gray-Milne .....	Milne.	xii
Sound phenomena of Earthquakes .....	Milne.	xii
Sonora Earthquake of May 31d, 1887 .....	Hunt and Douglas.	xii
Springs of Atami, Hot .....	Kuwabara.	iii
Vertical motion diagrams .....	Omori.	xvi
Vibrations through the ground, The effect of Railroad trains in transmitting .....	Paul.	} ii
Volcanoes of Japan, The .....	Milne.	

PRICES, TRANS. SEISMOLOGICAL SOCIETY—JAPAN.

Volume, I .....	1 50	Volume, IX-2 .....	1 50
Volume, II .....	0 75	Volume, X .....	1 50
Volume, III .....	1 50	Volume, XI .....	1 25
Volume, IV .....	1 25	Volume, XII .....	1 00
Volume, V .....	1 25	Volume, XIII-1 .....	1 00
