Acknowledgment

I gratefully acknowledge the continuous support of Dr. Takahisa Murata, Department of animal radiology, University of Tokyo. I thank Dr. Yoshihiro Urade and Dr. Kosuke Aritake (University of Tsukuba) for providing *H-pgde*^{-/-} mice and Dr. Masataka Nakamura (Tokyo Medical and Dental University) for providing *CRTH2*^{-/-} mice. I thank Dr. Tatsuro Nakamura and Dr. Shingo Maeda for technical assistance and their advice for the writing the manuscripts. I also thank the number of Animal radiology and my family for supporting both officially and privately. I sincerely hope that the animals' splits sacrificed for this research are appeased.
